

Greenville Health Authority – Healthy Greenville Grant Initiatives
*We are working with you to make Greenville and Upstate South Carolina
the healthiest place to live in America!*

Greenville County Health Outcomes

Health Outcomes tell us how long people live on average within a community, and how much physical and mental health people experience in a community while they are alive.

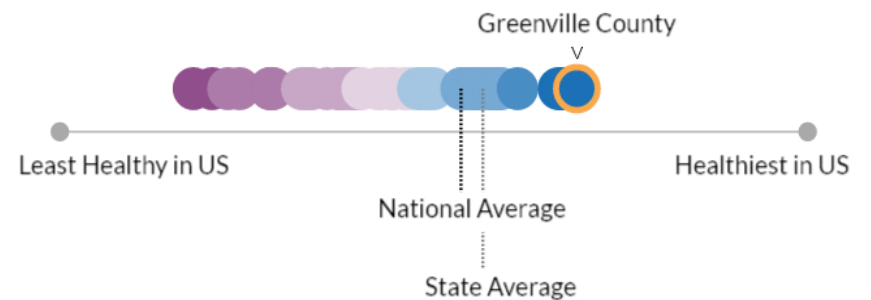

Greenville County is faring better than the average county in South Carolina for Health Outcomes, and better than the average county in the nation.

Greenville County Health Factors

Many things influence how well and how long we live. Health Factors represent those things we can improve to live longer and healthier lives. They are indicators of the future health of our communities.

Greenville County is faring better than the average county in South Carolina for Health Factors, and better than the average county in the nation.

County Health Rankings & Roadmaps (CHR&R), a program of the University of Wisconsin Population Health Institute and sponsored by the Robert Wood Johnson Foundation
